

10x more speed and 10x more coverage than Wireless-G

- Ideal for surfing the Internet, streaming music and making Internet phone calls
- Extends your network coverage up to 10x more than Wireless-G†
- Easy set up with Smart Wizard® installation software
- Maximum performance requires use with NETGEAR RangeMax Wireless Router

Features

- Delivers consistent wireless connections—no more dropped connections or dead spots
- Provides enough bandwidth to support music downloads, file sharing and multimedia applications†
- Backward compatible with Wireless-G standard products
- Designed for your notebook or desktop PC
- Supports Windows® Vista™

Choose the NETGEAR product that is designed to meet your needs.

[†]Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.

What is RangeMax?

NETGEAR's RangeMax extends your wireless network coverage up to 10 times that of standard 802.11g due to an advanced Smart MIMO (Multi-In, Multi-Out) technology that incorporates seven intelligent internal antennas in a wireless router. The antennas continuously scan your home or office, automatically sensing obstacles and electronic interference, then dynamically adjust the wireless signal to compensate and maintain a clear connection.

RangeMax Wireless PC Card (WPN511), PCI Adapter (WPN311) and USB 2.0 Adapter (WPN111) are optimized for use with RangeMax Wireless Router (WPN824) so everyone enjoys high-speed connections in your home or office---with virtually no dropouts or dead spots.

Maximum performance achieved when used with RangeMax Wireless Router

Desktop PC connects with RangeMax Wireless PCI Adapter (WPN311) or RangeMax Wireless USB 2.0 Adapter (WPN111)

Laptop connects with RangeMax Wireless USB 2.0 Adapter (WPN111)

Laptop connects with RangeMax Wireless PC Card (WPN511)

RangeMax Wireless Router (WPN824)

System Requirements

- Desktop or notebook PC with Pentium® 300 MHz - compatible processor or higher
- Available USB 1.1 or USB 2.0 slot
- Microsoft® Windows® Vista™, XP, 2000, 98SE, Me

Physical Specifications

- Dimensions (l x w x h): 3.72 x 1.19 x .6 in (94.5 x 30.2 x 15.2 mm)
- Weight: 1.13 oz (32 g)

Wireless Speeds

- 1, 2, 5.5, 6, 9, 11, 12, 18, 24, 36, 48, 54, 108 Mbps (auto rate capable), compatible with 802.11b or 802.11g**

Modulation Type

- 802.11b: Direct Sequence Spread Spectrum (CCK, DQPSK, DBPSK)
- 802.11g: Orthogonal Frequency Division Multiplexing (64QAM, 16QAM, QPSK, BPSK)

Encryption

- Hardware-based 40/64-bit & 128-bit WEP encryption
- WPA-PSK

Frequency

- 2.412 ~ 2.462 GHz (US)
- 2.412 ~ 2.472 GHz (Japan)
- 2.412 ~ 2.472 GHz (Europe ETSI)
- 2.457 ~ 2.462 GHz (Spain)
- 2.457 ~ 2.472 GHz (France)

Electromagnetic Compliance

- FCC Part 15 Class B

Standards Capability: PC: USB 2.0

- Compliant, Windows 2000 WinXP with SP2, 802.11g wireless standard

Warranty

- NETGEAR 1-year warranty

Package Contents

- RangeMax™ Wireless USB 2.0 Adapter (WPN111)
- USB Cable
- Installation Guide
- Resource CD
- Cradle and Fastener
- Warranty/Support Information Card
